STATE & BANK STS. E. MAIN ST. PHONES.

LEAVE TOMORROW WITH PRISONERS

Hartford, June 13.—Deputy United States Marshal John J. Kelleher of this city and Thomas A. Carroll of Torrington, will start for Atlanta, Ga., tomorrow with five Federal prisoners who are to be imprisoned in the penitentiary there. The five are Charles Kyger, Austrian, of this city; George Kowalsky of East Hartford; and John Kunz of New Britain, all accused of seditious utterances; and two drug users, George H. Monty, Norwich, and Peter Borcum, arrested in Providence.

ALLIES BEATING HUNS IN GASSING

Washington, June 13.—The Allies now excel the Germans in gas warfare, Carl L. Alsberg, chief of the bureau of chemistry, told the senate agriculture committee today. They not only have more gas at their disposal and are applying it more effectively than the Germans, he said, but in defensive warfare they have more improved gas masks.

The State Department announced that the reciprocal treaty with England was signed June 3. It still must be ratified by the Senate.

DIED.

JONES.—In New Haven Hospital, New Haven, Conn., June 13, 1918, Marlon Jones, youngest daughter of John B. and Lottie M. Harper Jones, aged 7 years, 9 months, 20 days.

Friends are invited to attend the funeral at the home of her parents, 470 Woodland Drive, Devon, Milford, on Friday, 14th inst., at 2:30 o'clock p. m.

MURRAY.—In this city, June 12, 1918, Anna May, daughter of William H. and Mary Hyland Murray, aged 21 years, 1 month, 3 days.

Friends are invited to attend the funeral from the residence of her parents, 197 Stillman street, on Friday, June 14, at 8:30 a. m., and at St. Charles' church at 9 a. m., with solemn high mass.

Interment St. Michael's cemetery, automobile cortege. D12 b*

SPEECH WILL LEAD WORLD TO ERA OF PEACE

Santiago, Chile, June 13.—The frank declarations of President Wilson in his address to the Mexican editors will lead the world to an era of peace, says the Mercurio in an editorial expressing approval of the president's words.

"His words will result, also," the newspaper says, "in added prestige to all the nations on the American continent."

It adds that the absolute truth of President Wilson's statement is proved by the fact that he proposes to devote millions of American lives to serve the principles he enunciated.

The president's statement which offers security to all nations and declares against changes in present frontiers is applauded without reserve.

"BLUE DEVILS" IN HUB TO AID DRIVE

Boston, June 13.—One hundred and two members of the Chasseurs Alpins, the famous "blue devils" of France, arrived here today to assist in the war saving stamp drive. The entertainment program included a trip to Lexington and Concord and then to Camp Devens. The "blue devils" were received by Gov. McCall and the constitutional convention.

Tonight they will visit local theatres and attend a concert by the Boston Symphony Orchestra.

WAR STAMPS SALES

War Savings Stamps totals for the day are \$18,232.76 for the state and \$5,487.40 for the city.

A SATISFYING SUMMER DRINK

Horsford's Acid Phosphate. A teaspoonful in water, sweetened to taste, refreshing and beneficial.

MUCH MARRIED COUPLE SEEKING TO SEVER BONDS

(Continued from Page One.)

saged detectives to follow her. On November 7, he was going through Harrison on his way to Greenwich, but was early for his appointment, and so turned into the Hotel Harrison courtyard. With him was a woman detective from New York.

As he went around to the rear of the building he saw a shadow on the curtain of a room that was brightly lighted that he thought was that of his wife. He went up the first escape and peered under the curtain that was raised a slight distance and saw his wife dressing and Boles sitting on the bed. He saw the couple as they left the hotel and then as they drove down the street. He only saw her twice more, once in the latter part of December and when he went on December 3 with a man named Murray to get his clothes from his home. Mrs. Bullard opened the door and after asking who Murray was, spoke insultingly of him. Bullard then told her he was through with her and she told him she had not been a wife to him for more than two years.

Officer John Dougherty of the police force of the town of Harrison, whose beat was around the railroad station, testified to seeing Mrs. Bullard in Harrison several times and that he also saw Boles about the same number of times and never one without the other. He stated that the frequency of the visits occasioned much comment.

STEAMER RUNS ASHORE NEAR NOVA SCOTIA

A Canadian Atlantic Port, June 13.—The American steamship Alcor, 3,500 tons, Captain Becker, formerly a Dutch steamer, bound from a New England port for a trans-Atlantic port, went ashore at a point on the southern coast of Nova Scotia in a thick fog last night and is now breaking up, according to word received by the Marine and Fisheries Department today.

The crew of 35 was saved, said the message, which came from the lighthouse keeper on an island near the ledge upon which the steamer stood. Five feet of water stood in the ship's engine room and she was rapidly separating. The prevailing wind, southerly, affords little or no chance of saving the ship, the lighthouse keeper reported.

ENEMY FORCE WHICH HAD CROSSED COULD NOT HOLD ADVANTAGE

(Continued from Page One.)

affect the general situation. As the Germans are fighting against time this result is a distinct gain to the defense.

The Germans, it is true, made slight progress on their left toward Compiègne, from which, at Melicocq, they are now only five miles away, but as did the French on the other wing in the region of Eligny.

As the nature of the ground around Mery provides the French with excellent gun positions behind hills from which they can pound at short range the road by which all supplies must pass to the German center in the thrust toward Compiègne, the French can claim an advantage on the day's operations, for they also stopped the German efforts south of the Aisne against the forest east of Villers Cotterets.

London, June 13.—British troops last night advanced their lines a short distance on the Flanders front, south-east of Merrins, the war office announced today. The French on this front likewise improved their positions near the Ridge wood. Prisoners were taken in both operations.

"A successful daylight raid was carried out by us yesterday southeast of Arras," says the war office report. "Heavy casualties were inflicted on the enemy. One hostile trench mortar was brought back to our lines and others were destroyed. During the night local operations were undertaken by us successfully southwest of Merrins and east of Dickebusch lake."

"In the former sector our line has been advanced a short distance with little cost and a number of prisoners were taken. In the latter area the French troops improved their positions in the neighborhood of the Ridge wood and captured 30 prisoners."

The Germans at severe cost continue to push down the Matz valley where an abundance of small woods afford maximum protection for French machine guns and artillery, says Reuters' correspondent at headquarters, telegraphing Wednesday. Further west the French have pursued their progress on the Mery plateau and have pushed the enemy off the eastern slope into the valley.

HEARING IN CASE OF J. M. JACKMAN

Counsel for John M. Jackman, Bartlett, Keeler and Cohn, and Madison G. Genterman, for the New York, New Haven & Hartford Railroad Co. completed their arguments in the case of Jackman against the railroad this morning and Judge Donald Warner in the Superior court took the papers. Young Jackman was a member of the Connecticut Agricultural College and was in a train wreck, sustained a broken leg and was in the hospital for 18 weeks.

The point at law concerns the father's claim of the loss of the boy's services. Being a minor the defendant claims that the boy was a liability and not an asset. The road is willing to pay the hospital expenses, the cost of his clothes and a few incidental expenses but not for the loss of services.

The arrival of 1,000,000 Americans will not create the slightest alarm in Germany. They have it straight from Mr. Hindenburg that every American will turn tail and run the minute a German says "Boo."

NEWSPAPER MAN TO GET HEARING ON 24TH OF JUNE

Silliman Evans, Charged With Smuggling Box, Unable to Secure Bonds.

Dallas, Texas, June 13.—Silliman Evans, a Texas newspaper man and former clerk in the American legation in Copenhagen, was still in jail here today pending completion of arrangements for his release on bail on charges of smuggling. Evans' hearing has been set for June 24.

A small box, bearing the Copenhagen legation seal, for which authorities have been searching in connection with a suspected plot to smuggle the Russian crown jewels into this country, and which was found in Evans' room at Copenhagen, is understood, will be sent to Washington by special messenger. Several undelivered letters addressed to government departments, said to have been found on top of the box, will be sent to Washington.

Evans, who went to Copenhagen last December and who resigned only recently, denies all knowledge of the charges against him. A statement issued by his counsel declares the box, which it says has never been opened, was given to him by an associate in the legation for delivery in Washington that it was inadvertently checked to Texas with the rest of Evans' baggage, and that it had not been delivered because of carelessness.

ARTHUR COMLEY MARRIED TODAY TO MISS SCHWAB

The wedding of Attorney Arthur M. Comley, member of the firm of Comley & Comley, and Miss Emilie Schwab, for a number of years assistant manager and secretary of S. Loewith & Co., was solemnized very quietly this afternoon at 1:30 o'clock, in St. Paul's church on Kossuth street. Rev. B. F. Root officiated and George Schwab gave his sister in marriage. Only the immediate families attended the ceremony.

DRAFT TREATY TAKEN UP BY COMMITTEE

Washington, June 13.—The Senate Foreign Affairs Committee, at a special meeting today took up the revised British-American draft treaty which was signed on June 3 by Secretary Lansing and Lord Reading, the British ambassador. The treaty as revised is understood to provide that the draft law shall not be applied to citizens of the respective countries who are exempt from the draft in their own countries. Thus Americans in Great Britain only be subject to draft and in this country only British citizens, including Canadians, within the limits of the British draft, between 18 and 45 may be drafted.

APPARENT THAT GERMANS HAVE BEEN CHECKED

London, June 13, via Ottawa.—There is a growing tone of optimism in the English newspapers today as it becomes more apparent that the Germans have been checked. The Germans certainly compelled the French to withdraw at the northern end of the salient on the right bank of the Oise, including Carpefont wood, but the French retain the long belt of territory north of the river Aisne and it is to threaten this from the rear that the Germans launched the new attack south of the Aisne on a very wide front.

At the same time, it is pointed out by military critics, the Germans were balked in their efforts to reach Compiègne frontally and they hope to attain their object by this outflanking attack. Compiègne still is 15 miles west of the new operations, with the forest of Compiègne intervening.

NEILSON ENTERS SMITH COLLEGE AS PRESIDENT

Northampton, Mass., June 13.—Simplicity marked the arrangements for the inauguration of William Alton Neilson as president of Smith college today. Because of war conditions other educational institutions were not asked to send representatives. Delegates from Smith alumnae associations and clubs were present. The ceremonies were opened with prayer by L. Clarke Seelye, president emeritus of Smith. The program included addresses by President Emeritus Charles W. Eliot of Harvard and Gov. Samuel W. McCall.

FIVE REPORTED KILLED

Springfield, Mass., June 13.—Several persons are reported buried in the ruins of a five story block that collapsed this afternoon. The building was formerly a tenement block and had been leased to an oil concern.

"WORK OR JAIL," CHOICE GIVEN TO GOLDBRAUN

Man Arrested By Sergeant Watts Has Until Next Week to Secure Job.

Louis Goldbraun, 19, of 377 Grand street, who was arrested last night by Sergeant Watts on the charge of idling, was given until next Monday to find a job by Judge Bartlett when arraigned in the city court today. If he fails to get work by Monday he will have to go to jail.

POLITICAL STATE TICKET PLAN IS BEING DISCUSSED

Coalition Ticket to Be Put Before the Voters.

New Haven, June 13.—A political state ticket plan under discussion here today is said to have been brought up at an informal conference in Hartford today. In brief it was to have a coalition ticket put before the voters by the Republican and Democratic state conventions in order that, as a war economy, there shall be no campaigning this fall and no unnecessary party political or state expense connected with the election. One idea put forward it is said was to have Gov. Holcomb renominate the second place go to a Democrat possibly Mayor Fitzgerald of New Haven, the Democrats to have another place, and Frank E. Healy of Windsor Locks, speaker of the House, to be nominee for attorney-general as agreeable to both sides. It is said that the Democrats who were among those discussing the plan were desirous of having two congressional places out of the five in the delegation.

POLICE UNABLE TO FIND CLUE TO DROWNED MAN

Up to a late hour this afternoon the body of the man found under A. W. Burritt Lumber company's dock in the Pequonnock river last evening has not been identified, but Captain Cronan, chief of the detective bureau emphatically denied that the dead man was in any way connected with the murder of the unidentified woman whose body was found last Monday morning.

The body was that of a man apparently 35 years of age and colored. He was of the laboring type and to all appearances was employed as a coal heaver. When found by Special Officer Matthew Beck, the body was under the dock and while in a badly decomposed state was not beyond recognition.

According to Dr. S. M. Garlick, the medical examiner and Dr. Weis of the Emergency Hospital, who was called when the body was found, the man is white, but the police officials claim that the man is colored.

TRAIN VICTIM WAS SHELTON RESIDENT

This forenoon it was discovered by the police that the man who was killed by a freight train at the station yesterday belonged in Shelton, and his body was claimed today by an undertaker for shipment to his home.

Medical Examiner Dr. S. M. Garlick, stated that the man was badly mutilated and that his skull was fractured. The left leg was severed from the body.

PROBATE COURT NOTES

At the Probate Court this morning William Burton was appointed administrator of the Goughly estate and guardian of the 12-year-old son. The deceased was recently electrocuted at the State Penitentiary. The exact amount of the estate is not known, but will consist of insurance and whatever damages are awarded to the heirs under the compensation act.

HOWLAND'S

Entrances in Main Street, Fairfield Avenue, and Cannon Street

Bridgeport, Conn., Thursday, June 13.

Forecast: Fair tonight and Friday; slightly cooler tonight.

Illustrated lecture at 3 P. M. each day. Representative of the Wm. M. Scholl Co. of New York is here this week for consultation and free advice regarding foot troubles. Let him help you to enjoy walking.

Good shoe value for young folks.

Shoes that have been carefully selected to give service and satisfaction and in addition they are attractive.

Infants' patent twin strap pumps, turn sole, size 4 to 8— \$2.25

Infants' patent and white canvas pump, turn sole, no heel, single strap, sizes 4 to 8— \$1.25

Fairfield avenue entrance.

Out of school education.

Important that children shall get the most out of their school, just as important too that they shall play the right sort of games, while out side of school hours. This developing of the play instinct means much to the child's future and we are all looking for the whole hearted red blooded boy or girl.

In the store stock are out of door and indoor games. Games for little tots and as they grow along up and games too that Mother and Dad are going to find mighty interesting.

War games are especially popular include some wonderfully good soldier and cannon games, some of them require a lot of skill— 25c to \$1.50

Doll outfits are clever and allow child to work out various color schemes and give her expression for her ideas— 75c, \$1 and \$1.50

Multi-color sets and bead string and embroidery work at popular prices.

Then there's the old stand-by, Tiddlywinks, for 10 cents and parlor quoits and there's "Sambo" and the "Dodging Donkey" that take the little folk eyes. And there's lots and lots of others—all waiting for some playmate to come along.

Fourth floor.

Sport Blouses for boys.

Boys like the mannish cut and the large sport collar and the short sleeves. Range of stripes and white—good and sensible for immediate use, 6 to 16 years— 65c.

Basement.

Special Delineator offer.

Butterick patterns and Delineators are working side by side, and women all over the country testify as to their effectiveness. The Delineator is a clean wholesome magazine, interesting and a household help. Now the Butterick people make a special offer for the coming year. It is worth your investigation.

Main floor.

Cook by Fireless.

A demonstrator this week shows us what the fireless cooker can do, the best things to cook. Many of her suggestions are revelations.

And the cooker is a real patriot, too, for it save coal and gas, saves time and does much to lighten the burden of housekeeping.

There'll be cakes and other things cooked right in the department for your inspection.

Fourth floor.
